September 10, 2015 A.D.

“Just finished listening to that powerful special Radio Wave regarding our gift of WORDS that are being overtaken by the evil ones... we truly believe in everything you are doing! Once again thank you a million-fold for your dedication and love of Jesus and Mary.”

J. & K. M., Texas

**A** Friend of Medjugorje tells of the war happening in the world today. The war is not with ISIS, it is something more hidden, more secreted so as to deceive. It is taking place in our churches, our governments, our institutions, schools, books, and even our homes. A Friend of Medjugorje uncovers this most important area that every apostle of Our Lady needs to become an active participant in fighting.
