“I was surprised to read that it was based only on the first sentence, yet covered the entire message...”

Be in prayer for a special writing about Our Lady's December 2, 2015 message from a Friend of Medjugorje.

In the words quoted above from a Caritas Community member, they were telling of how a Friend of Medjugorje arose at 3:30 AM to pray in preparation for Our Lady's message. When he received the message just before 4 AM, he read only the first sentence and wrote 8 pages on the first sentence alone. He finished his writing, then read the rest of the message several hours later. Though a Friend of Medjugorje had only read the first sentence, he covered the whole message with his words. Be on the lookout for it tomorrow. It is something you will want to read more than once, to get in your mentality, and also to spread to others.
