
Seize the Moment - 11 Minute Presentation

Special 11-Minute Presentation

January 5, 2021 A.D.

A remarkable and prophetic presentation from a Friend of Medjugorje, which was first published in November 2018, after the mid-term elections in the United States showed there was blatant irregularities that evidenced fraud taking place in Georgia and Florida. This 11-minute presentation was never released on Mej.com, and is well worth the time spent watching.
