
Feedback on the 5-Part Series of Look What Happened While You Were Sleeping

*N*ovember 18, 2007

Dear Caritas,

I feel so numb from listening to your 5 part series. Reading the book, “Look What Happened While You Were Sleeping,” was incredible enough – but to actually listen to what’s happening to our country and our freedoms, made my blood boil even more. Your guests were so informative and offered so much more information than what was able to be included in your book, that it reinforced the critical timely publishing of “Look What Happened While You Were Sleeping.” I need Caritas’ continued direction on what we need to do! My heart burns so much in union with y’all, that I’m surprised I haven’t flamed out. I am behind Caritas one thousand percent. And lastly, I was wondering if you could have a “weekly” radio program on “How to Live Our Lady’s Messages!” I have changed the direction of my life greatly, but I need to hear you on a more regular basis. This past week of nightly broadcasts proves it. The more you feed us, the more we want – I want to gorge myself on W-AVE. God Bless.

Dear Caritas,

AWESOME! I loved the 5-part series on “Look What Happened While You Were Sleeping.” Most amazing was hearing a civil liberties advocate, a politician, and a scientist all saying, “Get your kids out of the school system, start home-schooling.” Eye-Opening! Thank you. Peace and Love.
