
One Conversion at a Time Leads to the Healing of Nations

Our Lady of Medjugorje's plans call for our individual conversion first. Only by living the messages and changing our lives are we able to then convert our families. Once families are converted, then and only then, can nations be healed. If nations are healed throughout the world, love will reign. Our own conversion is the basis for all Our Lady of Medjugorje's plans to be accomplished.

Friend of Medjugorje
