# The Great Gift of God Unnoticed by the World

---

What is more important in the world? What news is greater? A Heavenly visitor is appearing upon the earth each day – Heaven’s greatest “Creature” before whom all the angels bow. But satan ties man up through “the world” to keep him away from Her presence, keeping him so entangled that he doesn’t even understand that his soul is the first priority and he feeds it so little compared to what satan feeds him of the world. With man so glutted, he cannot even hear Our Lady’s words, much less understand what She Herself is saying; that Her apparitions in Medjugorje are a great grace.

**“...Thank God for the gift of my being with you, because I am telling you: this is a great grace...”**

Our Lady Queen of Peace of Medjugorje’s presence is a gift of which many neglect because the world has enslaved their lives with schedules, sports, entertainment, jobs, school activities and on and on, while the great gift from God goes unnoticed by the masses!

**“...I am also with you as a gift...”**

Let all know of Our Lady of Medjugorje’s apparitions and evangelize Her apparitions. Allow no quietism to enter what has been gifted to you. Our Lady’s apparitions bring about conversion, even to those who are far away from God. It is your Christian duty to bring them

to Her.

In the Love of Our Lady,

*Friend of Medjugorje*
