## Two New Announcements Coming Monday March 15

---

Though the Medjugorje.com Core Groupmembers have already been informed of this, Medjugorje.com will be releasing an important, never before released scientific statement on the apparitions of Medjugorje. This statement is exclusive to Medjugorje.com.

Also, in answering the request that many have made over the years, the Community of Caritas will make an announcement in regards to their missionary outreach and A Friend of Medjugorje.
